

CP30 – ECONOMIC PILLAR GROUP

TERMS OF REFERENCE

INTRODUCTION

On Monday 15 April 2019 a Town Meeting was held at which Tim Jackson, the District Council of Coober Pedy Administrator, proposed that a community plan be developed to identify ways for the town to move forward. At this meeting three areas requiring action, and key to the future of Coober Pedy, were identified. These were economic development, the environment and the social aspects of the community. On the basis of these three areas of community action three attendant working groups were established.

An Interim Steering Group was then formed to oversee the establishment and outcomes of the three working groups, and to enable cross-pollination of the ideas generated through each group and to maximise opportunities for the groups to work together on issues of joint concern. A “meet & greet” event was held on Wednesday 26 June 2019 at which “leads” were nominated for each working group. This was followed by a workshop on 14 July 2019 to identify what the working groups would be doing. Both these events were facilitated by Moira Were.

Following the workshop, the “Interim” Steering Group was replaced with a “Permanent” Steering Committee consisting of the Chair, the Lead of each working group and one other member of each working group.

These terms of reference (ToR) detail the roles and responsibilities of the Economic Pillar Group.

MEETINGS

Frequency

The Pillar Group will meet fortnightly for one hour. Where required, as identified in advance, this duration may extend for longer in order to address particular issues.

Sub-Group Meetings

Smaller “sub-groups” of the pillar group may meet to undertake tasks identified and agreed to at whole of pillar group meetings.

Recording of Proceedings

Minutes will be kept of each meeting of the pillar group. The minutes of a meeting shall be submitted to pillar group members for ratification at the next meeting of the pillar group.

The agenda for each meeting will be determined at the proceeding meeting.

Where practicable, any documents that relate to the agenda of the following pillar group meeting will be forwarded to members in sufficient time to enable consideration prior to that meeting.

DECISION MAKING AND QUORUMS

Decisions may generally be reached through discussion at pillar group scheduled meetings. Any pillar group member attending a meeting has the right to request that an issue is put to a vote where agreement is unclear and decisions will subsequently be based on majority vote.

Additionally, any attending pillar group member has the right to request that an issue be decided by the full pillar group, including those not in attendance at that meeting. In this case, all pillar group members will be notified of the issue prior to the next meeting, and requested to respond within a given timeframe. The issue will then be raised and a decision determined, based on majority vote, at a determined time in the future (usually at the next meeting).

A quorum of 3 number of members is required to make decisions that are considered to be significant to the business of whole of the pillar group.

REPORTING STRUCTURE

Through the pillar group leader, the pillar group meeting outcomes and activities will be reported to the CP30 Steering Committee and the outcomes of the CP30 Steering Committee meetings reported back to the pillar group.

Any outcomes of the pillar group sub-groups will be reported to the broader pillar group.

ENGAGEMENT OF/WITH OTHER INDIVIDUALS/ENTITIES

The Economic Pillar Group will engage with other individuals/entities whenever necessary to ensure projects are relevant, wanted and meet the needs of their customers. AMMENDMENT/VARIATION TO THE TERMS OF REFERENCE

The Economic Pillar Group Terms of Reference may be varied or amended at any time, in response to a request by any Economic Pillar Group member and subsequent agreement by a majority of all Economic Pillar Group members.

REVIEW OF THE TERMS OF REFERENCE

An initial review of these Terms of Reference will be undertaken in December 2019 and thereafter every 12 months following each review and update.
