Additional Information

Assessment of new or altered service requirements will only be made when written and signed application is received along with an estimated maximum electrical demand supplied by an electrical contractor, for that premises indicated on the application form. Where an application for new/altered supply requirements is received, it is the customer's responsibility to provide Council with accurate boundary locations and easements where applicable.

The customer will be responsible for additional costs incurred when Council is supplied with inaccurate or misleading information about service requirements.

Unless otherwise specified, all electrical services will be overhead to underground.
